Terms and Conditions

1. To the best of my knowledge said puppy is in a healthy and sound condition at the time of pick up. Buyer has 3 days from time of pickup to have a licensed veterinarian thoroughly check said puppy. If pick up is on the weekend, the Buyer has until that following Monday. This checkup must be done by a licensed veterinarian. Buyer is required to have a licensed veterinarian administer two more puppy vaccinations to said puppy. Parvo and distemper Vaccines must be given at two, three-week intervals following first vaccine given by breeder. Do not allow puppy down on public ground until third parvo/distemper shot has been given to puppy. Breeder/Seller is not responsible for a puppy that comes down with parvo or distemper once it leaves the Breeder/Seller's premises. If Buyer fails to have a vet check done within 3 days of pickup, or fails to continue vaccines as stated above, this contract will be null and void.
2. Puppy/Dog is being sold for pet only, not for breeding. (Breeding rights are available for an additional fee.)
3. Health Guarantee does not cover any parasite, internal or external, as this is a treatable condition. Only untreatable, genetic diseases or defects that will take the puppy's life are covered. This must be discovered within the first year.
4. Buyer shall maintain the puppy in good condition, including adherence to a regular immunization schedule, heartworm prevention, good diet (see line 5) and a clean and safe environment. All puppies must be supervised during exercise for twisting and jumping movements. No jumping on or off the furniture! This will null the health guarantee. All puppies must be allowed to self-exercise outside a fenced area or inside a designated pen. The proper development of the structure and the mental development occur during this period.
5. Buyer is required to feed **Life's Abundance Small/Medium Puppy food** along with **Wellness Food Supplemental Vitamins** for the first year. (After the first year, we recommend switching to Life's Abundance All Life Stages Dog food, along with the Supplemental Vitamins) If puppy is not fed this diet, this contract will be null and void. (visit our website www.doodles4you.com/puppy-food-supplies for a link to order the food.)
6. Breeder/Seller is *not responsible for any veterinary bills or any costs* for the care of said puppy/dog after the dog has been purchased.
7. If puppy/dog is found to have an untreatable health condition during initial vet check, buyer is to provide Breeder/Seller with a written statement from 2 licensed Veterinarians. Buyer then will have two options:
 - a. Keep said puppy/dog assuming all costs for its care. or
 - b. Return said puppy/dog and pick a puppy out of the next litter, of equal or less value only upon the Breeder/Seller's receipt of the veterinarian's written statement regarding proof of the health of said puppy/dog within this initial time-period. The time period is 3 days from the time the Buyer receives said puppy/dog in their possession. Breeder/Seller agrees to replace said puppy/dog with a puppy/dog of equal or less value within a 12-month time frame (this 12-month time frame is to give Breeder/Seller adequate time for new litter(s) to arrive). A written and signed statement is to be obtained from two Licensed Veterinarian's from two different clinics as proof of the Genetic Defect(s).
8. *Genetic Health Guarantee:* Breeder/Seller guarantees said puppy/dog up to 12 months of age (12 months from the birth date of said puppy/dog) for terminal genetic health defects which will take the puppy's life. (Buyer must feed a high-quality food along with required supplements for the first year, per line 5 listed above.) Breeder/Seller agrees to replace said puppy/dog with a puppy/dog of equal or less value within 12-month time frame (this 12-month time frame is to give Breeder/Seller adequate time for new litters to arrive). A written and signed statement is to be obtained from two Licensed Veterinarian's from two different clinics as proof of the Genetic Defect(s) before puppy/dog will be replaced. Shipping of the puppy/dog will be the responsibility of the buyer.

Buyer may then do one of the following:

 - a. Buyer may keep the puppy/dog with a refund of half of the purchase price of said puppy/dog.
 - b. Return said puppy/dog to Breeder/Seller at the Buyers expense, for a replacement puppy/dog of equal value at the Breeder/Sellers discretion. Breeder/Seller at this point reserves the right to have a third opinion on the diagnosis from the Veterinarian of Breeder/Sellers choice.
9. Breeder/Seller makes no guarantees regarding the loss of said puppy/dog in the case of accidental death, theft, sickness due to lack of vaccinations, etc. any sickness not related to genetics, or any loss beyond the Breeder/Sellers control except as stated above.
10. This sales contract is non-transferable. Should the buyer relinquish the ownership of said puppy/dog, this contract shall be deemed null and void.

This contract is under the jurisdiction of the State of Texas. In the event of any dispute, it is agreed the place of venue shall be McLennan County, Texas. I the undersigned/BUYER have read, understand and agree with all the terms and conditions set forth in this sales contract. (*sign on other side of contract*)
